CROSS?	Prise?			Hen.	MONTAGUE			* * 1693	The bride's first name is very hard to read but she may be Priscilla, who turns up in baptisms later in Langham as Henry Montague's wife. Her surname is just an X. Does this mean the surname was never entered, or was her surname Cross? There are several people by that name in Langham. Some entries on image 2 are repeated later in the register, but this one, sadly, is not.	2
