| BURROW      | Rosa        | Morianae |             | dau of | 1 Jan 1576/7   | The parents' forename is unusual, and might be harder to understand as the entry is written in Latin, and the names Latinised. As I don't recognised the name, I'm not sure if it's the father or mother. | 1   |

Johis Childerley - Unclear if Francis is the son or daughter of, as "fil." is an abbreviation of both filius and filia, son and daughter, and "Francis/Frances" hadn't settled along gender lines at this time. | 12  |

"Fil." is an abbreviation of both filius and filia - Latin for son and daughter - so it's unclear if a son or a daughter was baptised.                                | 14  |
